## Goals

- Can discuss privacy and putting our data online.
- Can engage in conversation about online shopping and its link to privacy.

## Preview and warm-up

In this lesson you are going to practise talking about **privacy online** in the context of more detailed spoken production.

In order to **protect** your **personal data**, always use secure websites.

## Pronunciation

**know**

## Pronunciation

**know**

**psychology**

## Pronunciation

**know**

**psychology**

**listen**

## Pronunciation

**know**

**psychology**

**listen**

**debt**

## Pronunciation

know

psychology

listen

debt

design

Silent letters are letters in words that we **do not pronounce**. Some of the letters are unsound at the **beginning** of the words. These are the letter '**k**' and '**p**' (in most times).

Other silent letters are in the **middle** (listen, debt, design), but they can also be at the **end** of the words.

## Pronunciation

**Pronounce the following words**

knee  
castle

receipt  
subtle

often  
sign

knife  
answer

## Vocabulary review

**account**

**available 24/7**

**software**

**special offers**

**antivirus**

**shipping  
problems**

**password**

**cannot try a  
product out**

**from the comfort  
of your home**

**steal**

**scam**

**identity theft**

## Vocabulary review with sentences

**Identity theft** happens when **hackers** steal online data.

Online shopping is **available 24/7**, from **the comfort of your home**.

There was a **special offer** on **antivirus software**.

I changed the **password** of my email **account**.

## Vocabulary review with sentences

The **shipping problem** happened because of incorrect personal details.

Someone is asking for money in an email **scam** again.

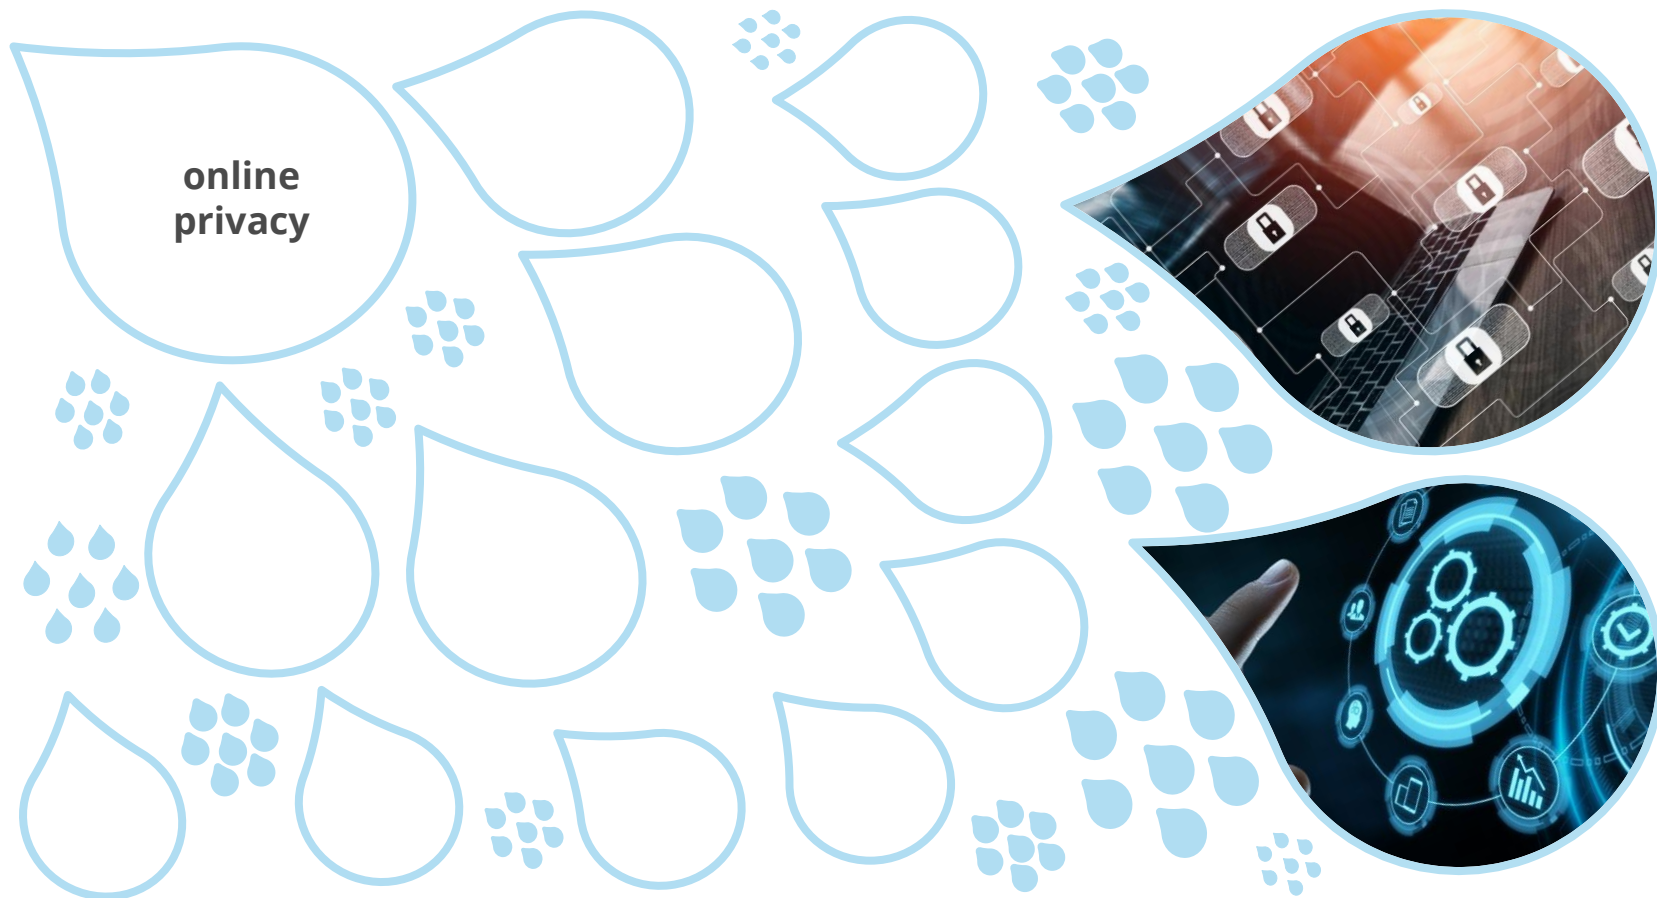

I do not shop online when I **cannot try a product out**.

## Brainstorm

Think of as many words related to online privacy as you can

## Complete the table

Complete the table with the missing information. Use these words in the next exercise

_____ name	Tom
_____	Stone
date of _____	01/12/1990
_____	3 West Street, Horley
_____ number	+44 3876 982345

## Speaking

**Your colleague received an email in which a stranger was asking for his personal details. The stranger offered money for his data. Help your colleague to keep his personal information safe. Tell him about:**

what kind of data he should never give out.

that it is a scam. Explain what that is.

what can happen to his data.

## Speaking

**Describe what the woman is doing in the picture. Use your imagination as much as possible!**

## Complete the dialogue

How often do you shop online? Can you tell me how to do it?

What is important for you in an online store?

Is shopping online better than going to a shopping centre? Why?

---

---

---

---

**Look at the quote below**

**Do you agree or disagree with this idea? Think about the advantages and disadvantages of shopping online. Mention online safety issues. Use some of the points that you have collected in the previous activity**

“

Shopping online is the future of shopping. It saves you time and money and it is available for everyone. We should all shop online.

”

## Speaking

Answer the questions below then share your ideas with the group

What software do you use to keep your computer safe?

What was the last thing you bought online?

What does a firewall do?

Has anyone ever stolen your data?

## Role Play

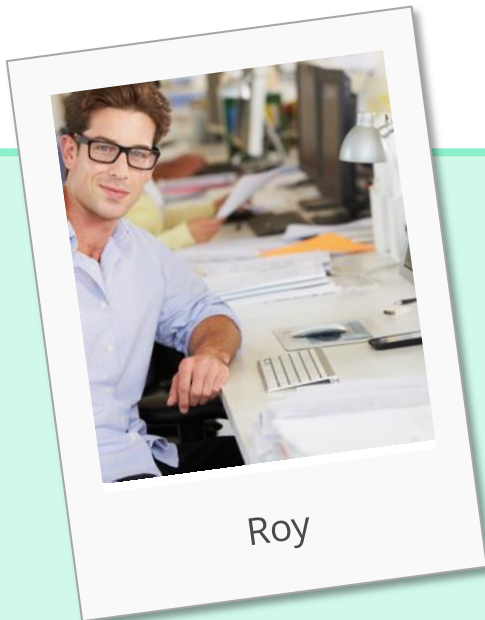

Describe your  
problem

Your laptop at work has started to do strange things. Talk to your colleague, Roy at the IT department. Tell him what problems you have.

Use *there is/there are*, *have got/haven't got* or *won't* for describing your problem.

## Change your role

Roy

This time you are Roy, from the IT department. Now you know what the problems are. Tell what to do now and how to avoid these issues. Give some advice.

To avoid identity theft, you should....

to

in order to

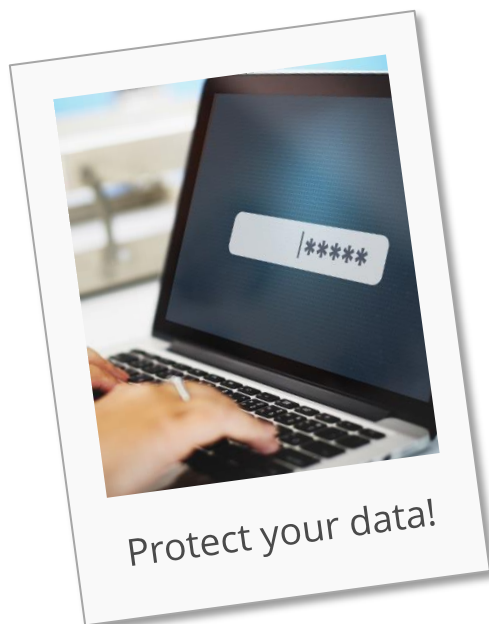

so as to

should

## Final activity

**Imagine you work for a data protection company. You provide software solutions for protecting data stored online. Customers can buy software from your online store.**

1

Talk about how much experience you have in the sector.

2

Talk about data protection. Why is it important? What kind of data? How can you protect your data?

3

Briefly mention online shopping, highlight its advantages and argue against its disadvantages.

## Reflect on the goals

Go back to the second slide of the lesson and check if you have achieved all the goals of the lesson.

yes

no

## Reflect on this lesson

Think about everything you have seen in this lesson.  
What were the most difficult activities or words? The easiest?

If you have time, go over  
the most difficult slides again

## Unscramble

Unscramble the words below

1.inolen ayivpcr

2.rtswofea

3.lfweirla

4.nlaeorsp adta

5.etntyid hettf

6.liydever

7.reus

## Homework writing activity

**Write a sentence with each word that you have unscrambled**

---

---

---

---

---

---
